

THE GLOBAL DAY OF PRAYER

To Print the Poster: Print Page 2 only

Brief History

This special initiative began in South Africa (Cape Town) in 2001, and in just a few years has grown into the biggest prayer meeting ever. In 2009, all **220 countries** joined in! Prayer went on in football stadiums, cathedrals, schools, town squares or simple living rooms, sometimes with only a few people, sometimes with dozens, hundreds, thousands or even tens of thousands. In some countries Ministers and Presidents joined in, while newspapers and television crews covered the story...

The prayer focus is that God will bless the nations so that "the earth will be filled with the knowledge and glory of the Lord". (Habakkuk 2:14) Many international prayer organizations have joined forces for this event. They want to form a "canopy of prayer" above all the continents. Such a beautiful signal of unity cannot leave the Lord's heart unmoved and will have a great spiritual effect on this planet.
